TYPE I, II, III AMBULANCES AND SPECIALTY EMERGENCY VEHICLES

McCoy MILLER®
REV GROUP

McCoy Miller — it's the name that you can trust over and over again. With the most universal lineup of ambulances on the market today, McCoy Miller delivers small-, medium- and heavy-duty ambulances with value-packed features and REV Group backing, meaning you don't have to look beyond McCoy Miller to build your ambulance fleet. With a value-packed baseline, we promise to fit right in. Consider us part of the crew.

TRUSTED PERFORMANCE, TIME AND TIME AGAIN

Built with a unique CNC milling process, each ambulance is easily repeatable, maintainable, and best of all, customizable. Start to finish, each one is stocked with value-added features, like a hassle-free electrical system and easily accessible door panels.

THE BEST AMBULANCES EXCEED DEMAND

McCoy Miller ambulances include features like, J-molding, drip rails, TriMark handles and full-height, stainless-steel door panels. Manufactured in Winter Park, Florida, the factory is ISO certified to ensure each ambulance meets or exceeds industry standards.

UNIVERSAL AMBULANCES WITH UNIVERSAL APPEAL

For more than 40 years, McCoy Miller has built ambulances fit for every emergency situation. This full-fleet lineup, now with REV backing, is extremely versatile, with sizes ranging from a unique 142" model to a sturdy 170" ambulance. Headroom ranges from 66" to 72".
