FOR IMMEDIATE RELEASE

FESCO EXPANDS SERVICE SUPPORT THROUGHOUT THE CAROLINAS

Elkridge, Maryland – April 2026

FESCO Emergency Sales is pleased to announce the expansion of our service partner network throughout North Carolina and South Carolina. These partnerships will help provide our customers with additional options for emergency vehicle maintenance and repair closer to their departments.

Our Carolinas service network includes providers such as Alternator Specialist in Wilmington, NC, Lesslie Welding & Fabrication in Rock Hill, SC, and Palmetto Fire Apparatus in Florence, SC. These providers bring experience and capabilities that will help support the emergency vehicles our customers depend on each day.

By working with service providers throughout the region, FESCO can help customers coordinate their service needs and identify available resources based on their location and the work required. This expanded network complements the support provided by FESCO's own service facilities.

We understand the importance of keeping emergency vehicles ready to respond. These partnerships represent our continued commitment to supporting customers beyond the sale and delivery of their new vehicles.

For information, please contact FESCO Emergency Sales at 800-638-0926.
